Invitation for Sponsorship and Exhibition Packages

To ensure the conference will meet all delegates expectations we want to create an exhibition space which showcases companies delivering exceptional services to this field.

The conference will provide you with the platform to position yourself as an expert in your key area(s) of focus in Reliability Management. Sponsorship and advertisement opportunities are available to help maximise your visibility across several sectors and generate increased enquiries for your business.

Please be aware that spaces are very limited, with only 16 exhibition spaces available. The exhibition space is to showcase the best in the industry, providing delegates with the opportunity to see new technologies, and meet the experts in the trade. We have chosen to limit number the exhibition spaces to ensure we achieve this objective. Exhibition space will be allocated on a first come basis, so to avoid disappointment please reserve your space today.

We have different sponsorship packages depending on your requirements. The gold and silver packages will have prime positions for the conference and will be supported with promotional opportunities.

We invite you to review the sponsorship and exhibition packages available as detailed on page 5 of this information pack.

If you feel your company would like to be involved in Irelands only Plant Reliability conference, please complete the application form on page 6.
